

Students

11. Cell Phones (5161)

Students are not permitted to use or display an electronic paging or 2-way communication device, such as cellular or mobile telephones, while on school property during school day hours.

Students may be permitted to possess or use an electronic communication device if it is for a medical, school, educational or vocational or legitimate use. In all of these exceptions, students must obtain approval from the school administrator for the use of an electronic communication device during the school day.

Students are not permitted to use picture phones in any school property restroom, locker room or any other room where people are or may be changing their clothes.
