District Assessment Information and Calendar

The District shall establish and maintain an assessment system that measures the progress, growth and status of academic preparedness of students for instruction and accountability.

- a) The District produces each school year a District Assessment Calendar and detailed description of all standardized and formative assessments used PreK-Grade 12, with dates for all District, state and federal required and adopted tests.
- b) Guidelines for administering, interpreting and using the results for each assessment will be provided to teachers, administrators and other professional staff. Results of assessments are shared with students and their families.
- c) The schedule and assessment information will be listed on the District website.
