confidential.

What We Do

The Advancing Family Assets (AFA) Team promotes individual and family success and stability by providing one-on-one coaching and support with a focus on three key areas: income, whole health, and education.

AFA Program participants work collaboratively with an AFA Coach to identify their strengths and goals, develop a personalized plan for success, and access new resources.

All these facets work together, helping participants to build a strong network of personalized supports as they take steps to achieve goals that lead to lasting and meaningful change.

Who We Serve

AFA Family Program Requirements:

Families must live in the 53403 or 53405 area codes and have at least one minor child (ages 0-17) in their household.

“I now have a full-time job with benefits and I’m working toward my 5 year plan to buy my own home”

AFA Young Adult Program (YAP) Requirements:

Young adults must be between the ages of 18-28 and live within the City of Racine. Young adults who are 17 years old may be eligible for services with parent or guardian consent.

How to Enroll

If you are interested in enrolling or learning more about the program, please contact an AFA Coach directly with the information provided on the back of this page.

To ensure quality services, we provide long-term support for a limited number of participants. Priority is given to families and individuals showing economic need and seeking resources or support in multiple areas.

“I’ve been doing things I should have been doing years ago, maybe because I wasn’t looking or didn’t have the resources or connections to get to where I was trying to go”

-Chiquita, AFA Graduate
