

Student Food Service Accounts

RUSD participates in the CEP (Community Eligibility Provision) program, and this means all students will receive 1 breakfast and 1 lunch at no charge each day. However, if your child would like to purchase a la carte items, they must have funds in their food service account. Please follow the instructions below to add funds to your child's food service account.

To add funds to your child's account or view their account balance and transaction history visit the Infinite [Campus Parent](#)/Student Portal via credit card or e-check. These funds will be applied to your child's account in real time.

If you do not have a Campus Parent account, you may add funds to a student's account via RevTrak online payments.

1. Log into Revtrak at: <https://racine.revtrak.net>
2. Create a new account or login
3. Click on Food Service, then Student Food Service
4. Enter your student's last name and student ID Number and click "Add Account."

Select **MAKE ONE-TIME PAYMENT** enter the dollar amount you would like to pay, click "add to cart," click on "checkout," and "place order."

NOTE: Payments made via RevTrak will be applied to your child's food service account on Tuesday and Thursday before 9:00 a.m.
