School Improvement Planning

1. Every Racine Unified School will annually develop a School Improvement Plan based on Continuous Improvement processes and use of current and trend data for student achievement and other goals.
2. School Improvement Plan goals will be aligned to the District Strategic Plan and support benchmarks of The North Star.
3. The School Improvement Plan will be completed under the leadership of the school principal and a team of teacher leaders in the school with input from all teaching and support staff.
4. No later than November 1 each year, each School Improvement Plan will be reviewed and approved by District Senior Leadership responsible for supervision of principals and schools.
5. No later than July 15 each year, principals will submit a summary report of data and activities demonstrating the school's progress towards each school improvement plan goal.

Policy adopted: May 5, 1997
