

Student Food Service Accounts

Due to the Covid-19 pandemic, we are no longer accepting cash or check payments in the school cafeterias. If your child would like to purchase ala carte items, please add funds to their lunch account.

How to add funds to your Food Service account

1. Log into Revtrak at: <https://racine.revtrak.net>
2. Create a new account or login
3. Click on Food Service, then Student Food Service

Please enter your student's last name and student ID Number and click "Add Account."

If you choose to **MAKE ONE-TIME PAYMENT** enter the dollar amount you would like to pay, click "add to cart," click on "checkout," and "place order."

If you choose **LOW BALANCE SETTINGS** this will setup the auto-replenish feature and will replenish your child's lunch account when it falls below a certain dollar amount. First you will need to "enable the feature" with the toggle switch, choose your settings, click the "I agree to recurring payments," and click "save."

NOTE: Payments made before 9:00 a.m. will be credited to your lunch account on that day and payments made after 9:00 a.m. will be credited the following day.
