

Existing RUSD Student Summer School Registration 4K-8

To register your RUSD child for summer school please login to the Parent Portal. If your student is in High School please contact your counselor. If you do not have a Parent Portal account please contact your students' school to request access.

1. From the Directory select More

2. Then select the Summer School link

< More | Online Registration

NAME	STATUS	ACTION
Summer School and Annual Registration New Student Registration		<input type="button" value="Start"/>
Summer School and Annual Registration Existing Student Registration	NOT STARTED	<input type="button" value="Start"/>

3. Select the Summer School Registration for Existing Students which should say Not Started. If you have a new non-RUSD student in your household to register you can use the Link for New Student Registration.

A registration progress bar at the top shows five steps: 'Student(s) Primary Household' (green), 'Parent/Guardian' (green), 'Emergency Contact' (green), 'Other Household' (green), and 'Student' (blue with a dropdown arrow). Below the bar is a form titled 'Student Name' with a redacted name. The form has several expandable sections: Demographics, Race Ethnicity, Relationships - Parent/Guardians, Relationships - Emergency Contacts, Relationships - Other Household, and Release Agreements. The 'Summer School 4k-8' section is expanded, showing three questions: 'Do you wish to register this student for Summer School beginning June 19th 2023?' with a 'Yes' dropdown, 'Is your student receiving Dual Language instruction and would like to continue those services during the Summer School term?' with a 'No' dropdown, and 'Select the site you would like this student to attend Summer School' with a dropdown menu showing 'Fratt'. At the bottom are 'Previous' and 'Next' buttons.

4. Complete the Application and update your profile with any new information. When you get to your students, the Summer School 4K-8 menu will allow you to select your summer school site.

5. Make sure you complete all steps for the Registration then Submit your application to exit.
