

# RUSD SAFETY PROTOCOLS FOR IN-PERSON LEARNING

## **Masks**

All staff and students will be required to wear masks.

## **Social Distancing**

Social distancing will be enforced to the greatest extent possible.

## **Symptom Checks**

Families and staff will self-monitor symptoms and review the [Can My Student Go to School Today?](#) document daily. Students exhibiting symptoms at school will be placed in the precautionary room and parents/guardians will be contacted for pick-up.

## **Cleaning Protocols**

All classrooms, common areas and restrooms are cleaned every night. An antibacterial/antiviral 90-day extended cleaner Omnisshield is applied to frequently touched surfaces for long-term protection. Cleaning supplies are made available in every classroom.

## **Sanitizing Protocols**

Hand sanitizing stations have been installed in every classroom. Staff and students are required to use hand sanitizer upon entering and exiting the classroom.

## **PPE**

All students will be provided two cloth masks and a face shield.

## **Transportation**

Masks will be required for students on the bus. Students will have assigned seats, with no more than two students per seat. The bus will be loaded back to front and students will exit the bus front to back when they arrive at school.

## **Meal Service**

Meals will be pre-packaged and served by food service workers. Depending on the school and grade, meals could be served in the classroom or in the cafeteria with safety protocols in place. More detail will be provided by your child's school.

**For questions regarding school-specific plans,  
please reach out to your school principal.**
