

ROOSEVELT ELEMENTARY SCHOOL

Consolidated with Janes in NEW Elementary School

Three-Pronged Approach for Improving Student Achievement

Our long-range plan uses a three-pronged approach for improving student achievement:

- Strong Academics
- Resources Aligned to our Vision
- Excellent Learning Environments

If passed, the referendum would provide the funding needed to build a new elementary school to replace Roosevelt – housing both Roosevelt and Janes students.

NEW ELEMENTARY SCHOOL WITH:

- Safe and secure entries
- ADA-compliant accessibility
- Dedicated Special Education Rooms
- Learning environments suited for small or large group instruction and maker spaces
- Separate gymnasium and cafeteria spaces

If passed, the referendum would provide the funding needed to build a new school to replace Roosevelt – housing both Janes and Roosevelt students.

NEW ELEMENTARY SCHOOL:

- Align schools with demographic needs and ensure District-wide equity
- Provide clear student pathways from elementary to middle to high school
- Reduce operating and maintenance costs
