November 2022

Dear Parents and Guardians,

We have had a wonderful fall at Fratt Elementary! We are excited about the academic growth of our students, the growth of our STEAM program, and family engagement activities. As a learning community, we are continually looking to improve our literacy and math skills at Fratt Elementary. The school report card is one resource we use to reflect on our strengths and areas for improvement.

The Department of Public Instruction (DPI) is required by state statute ([Wis. Stat. 115.385](#)) to generate a school report card and district report card for every publicly funded school and district in the state. The report cards are intended to help schools and districts use performance data to celebrate successes and improve their efforts to prepare students for their futures. These public report cards can be found online at: <http://dpi.wi.gov/accountability/report-cards>.

The current **school report card is primarily based on last year's performance during the 2021-22 school year**. Due to the COVID-19 pandemic, DPI encourages caution when interpreting scores and ratings on the 2021-22 report cards.

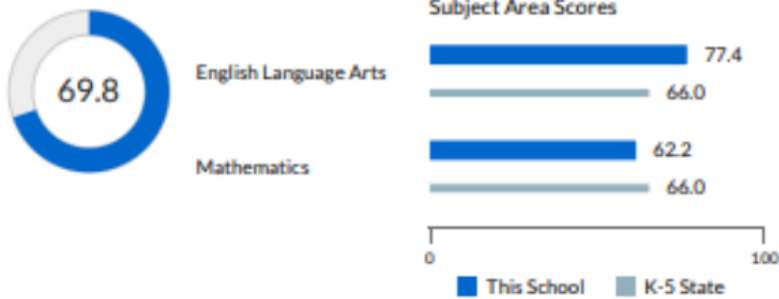

At the foundation of the report cards are four priority areas. Schools and districts receive a score for each priority area:

- **Achievement** - proficiency in English language arts (ELA) and mathematics on the annual state assessments
- **Growth** - year-to-year progress in ELA and math achievement
- **Target Group Outcomes** - outcomes for students with the lowest test scores: the Target Group.
- **On-Track to Graduation** - reliable predictors of how successfully students are progressing toward completing their K-12 education.

The priority area scores are aggregated into an overall accountability score, from 0 to 100. This score is displayed on the front page of the school or district report cards. It is important to note that the 0 to 100 accountability score is not a "percent correct" measurement. Based on its score, a school or district receives one of five rating categories, from *Fails to Meet Expectations* to *Significantly Exceeds Expectations*, as well as corresponding one to five stars.

I want to share these results with you because they help illuminate some of our successes and help pinpoint areas of focus at Fratt Elementary. But as DPI stresses, these report cards are just one source of information about our school. Here are some additional results that show we are moving in the right direction. This past school year we were able to raise our overall report card grade from 56.3 to 69 this year. Our students exceeded the average state growth scores in ELA and were within 3.8 points of the average state growth score for Math.

GROWTH

School and district report cards can be accessed online at <http://dpi.wi.gov/accountability/report-cards> along with resources that explain the report cards. I have included the report card for Fratt Elementary here as well. Our school report card is also posted on our website: <https://rusd.org/schools/fratt-elementary>

Please let me know your thoughts and questions as they arise. I look forward to working with you to make 2022-23 a successful school year for your student!

Sincerely,

Steve Branson
Directing Principal
