

RAL Report Card Letter to Parents

November 2022

Dear Parents and Guardians,

We have had a wonderful fall at RAL)! We are excited about our increasing graduation rates, improved attendance rates, and the mental health support that we supply to so many of our students. As a learning community, we are continually looking to improve those same attendance and graduation rates of our seniors at RAL. The school report card is one resource we use to reflect on our strengths and areas for improvement.

The Department of Public Instruction (DPI) is required by state statute ([Wis. Stat. 115.385](#)) to generate a school report card and district report card for every publicly funded school and district in the state. The report cards are intended to help schools and districts use performance data to celebrate successes and improve their efforts to prepare students for their futures. These public report cards can be found online at: <http://dpi.wi.gov/accountability/report-cards>.

The current **school report card is primarily based on last year's performance during the 2021-22 school year**. Due to the COVID-19 pandemic, DPI encourages caution when interpreting scores and ratings on the 2021-22 report cards.

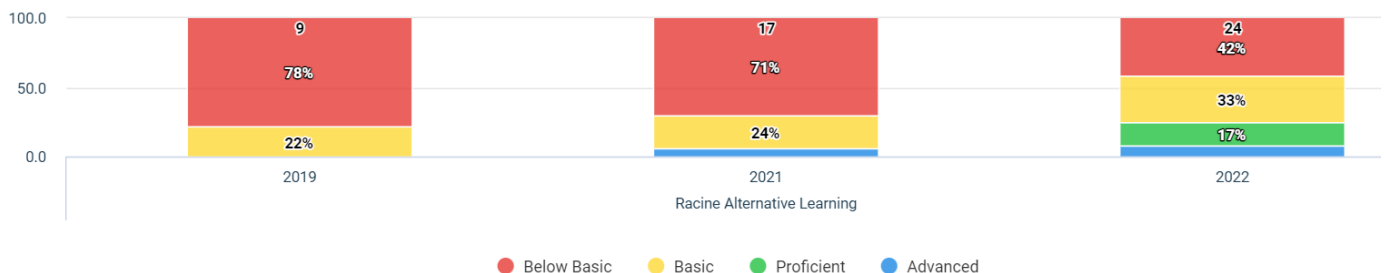

At the foundation of the report cards are four priority areas. Schools and districts receive a score for each priority area:

- **Achievement** - proficiency in English language arts (ELA) and mathematics on the annual state assessments
- **Growth** - year-to-year progress in ELA and math achievement
- **Target Group Outcomes** - outcomes for students with the lowest test scores: the Target Group.
- **On-Track to Graduation** - reliable predictors of how successfully students are progressing toward completing their K-12 education.

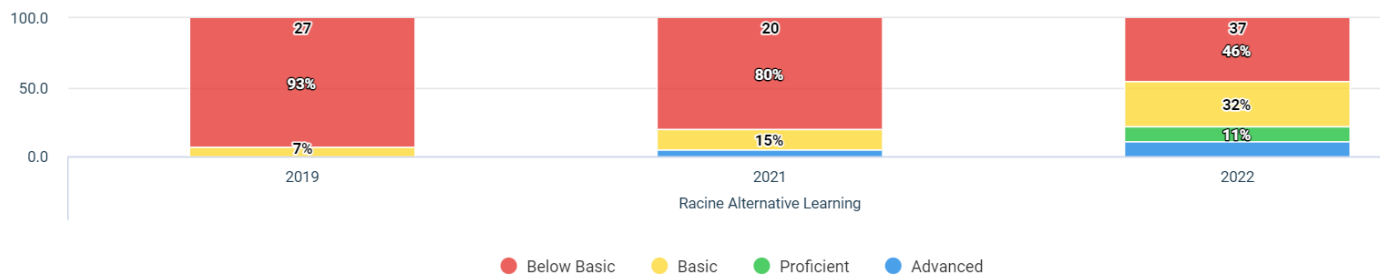

The priority area scores are aggregated into an overall accountability score, from 0 to 100. This score is displayed on the front page of the school or district report cards. It is important to note that the 0 to 100 accountability score is not a "percent correct" measurement. Based on its score, a school or district receives one of five rating categories, from *Fails to Meet Expectations* to *Significantly Exceeds Expectations*, as well as corresponding one to five stars.

I want to share these results with you because they help illuminate some of our successes and help pinpoint areas of focus in our building. But as DPI stresses, these report cards are just one source of information about our school. Here are some additional results that show we are moving in the right direction.

School Subject Detail Chart - Social Studies

School and district report cards can be accessed online at <http://dpi.wi.gov/accountability/report-cards> along with resources that explain the report cards. Our school report card is also posted on our website: [School Report Card | RUSD](#)

Please let me know your thoughts and questions as they arise. I look forward to working with you to make 2022-23 a successful school year for your student!

Sincerely,

Andre Bennett
